General Public Access Fishing Areas

15 Jul 24

6. Discussion. Entry into any designated fishing area that requires entry onto JBPHH property requires that access first be authorized in accordance with JBPHH access instructions reference (a). Entry will be subject to the Force Protection Condition in effect at that time. The following are designated as authorized recreational fishing areas within JBPHH:

a. General Public Fishing Areas (defined in yellow in Figure 1).

(1) Kapapahu Point Park: The shoreline bordering Kapapahu Point Park (previously West Loch Shoreline Park), managed by Honolulu City and County Department of Parks and Recreation.

(2) Middle Loch: The shoreline bordering Pearl Harbor Bike Path from Waipio Point Access Road bridge to the bridge over Waiawa Road stream runoff, west of Waiawa unit of the Pearl Harbor National Wildlife Refuge.

(3) East Loch: The shoreline bordering Hawaiian Electric Company to the Kalauao stream bridge.

(4) 'Aiea Bay State Recreation Area: The shoreline bordering 'Aiea Bay State Recreation Area.

b. Military Housing Residence Fishing Areas (defined in orange in Figure 1). Fishing is restricted to the residents of JBPHH and their authorized guests.

(1) Quarter K Housing, Ford Island: Fishing is restricted to the residents of Quarter K and their authorized guests.

(2) Pearl City Peninsula: The west side shoreline from south of the pier at the end of Lanakila Ave. to the end of Coral Ave.

(3) McGrew Point: The shoreline bordering the McGrew Point residential property.

(4) Hospital Point: Hospital Point Housing including Charlie landing only. This area is restricted to the residents of Hospital Point Housing and their authorized guests.

b. Department of Defense (DoD) Card Holder Fishing Areas (defined in purple in Figure 1).

(1) North Ford Island: The area on north side of Navy Lodge and adjacent to the dog park west of the bridge along the shoreline to the north shoal adjacent to Foxtrot 13 pier.

7. Fishing Rules & Restrictions

a. All those who utilize authorized fishing locations must conduct themselves in a courteous and environmentally protective manner. No one accessing the shore for fishing may cross an area being used as a residence, driveway, or landscaped area. Smoking is

discouraged. All trash, including derelict/used fishing line, shall be removed by the person fishing at the site. People fishing is encouraged to maintain the site and remove litter left by others.

b. No Personally Owned Leisure Craft (POLC) shall be launched from any shoreline other than as indicated in reference (b). No POLC shall anchor in Pearl Harbor waters in an area that will cause damage to coral reef structures.

c. Fishing from ships in Pearl Harbor. Commanding Officers of ships moored at berths outside the Naval Shipyard may authorize crewmembers to fish from their own ship's decks.

d. Use of pole and line is the only fishing method authorized throughout JBPHH. Subsurface fishing (spearfishing) is not authorized on JBPHH. Use of nets or traps is also prohibited.

e. Minors must be accompanied by a parent or guardian.

f. All guests must be accompanied by personnel maintaining current DoD identification and guests must be accompanied by their host at all times while on JBPHH property.

g. Care should be taken to avoid any incidental catch of non-target species, especially federally protected and sensitive species such as sea turtles, marine mammals, sharks, and rays. If an individual of one of these species is caught by hook and line, the fisher should take care to gently reel the animal in and cut the line as close to the hook as possible to reduce the risk of entanglement in fishing gear. This practice is mandatory in Pearl Harbor to reduce the risk of severe injury or death to these important species due to entanglement in fishing gear. If the fisher is concerned for the wellbeing of the individual that has been hooked they must report the injured animal to the JBPHH Wildlife Response Hotline at (808) 404-1558.

h. It is unlawful to dump unwanted aquarium species into Pearl Harbor. DO NOT release unwanted pets, aquarium contents, or other organisms into the environment.
