

NAVFAC HAWAII FY26 Q4 WORKLOAD PROJECTIONS AS OF 10 AUGUST 2026

The list of projects, design, and construction tools are to increase your awareness of opportunities at NAVFAC Hawaii. If you are interested in any of the items listed, please visit www.SAM.gov. Location may not reflect actual physical location of project. Confirm project location in project synopsis once issued.
For Design Agent, IH = NAVFAC HI and AE = Architect/Engineer Consultant. For Design Level, Design Build reflects one of the following: Traditional Design Build, Lean Design Build, Progressive Design Build, or Accelerated Design Build. A/P reflects whether action has occurred (Actual = A) or has yet to occur (Planned = P).
DISCLAIMER: Information contained herein is not a guarantee of the Government's course of action concerning current or future requirements. The information presented reflects current Government intentions; but is subject to change. Published solicitations, if issued, are the only documents that should be relied upon in determining the Government's actual requirements

NAVFAC HAWAII FY26 Q4 WORKLOAD PROJECTIONS AS OF 10 AUGUST 2026

The list of projects, design, and construction tools are to increase your awareness of opportunities at NAVFAC Hawaii. If you are interested in any of the items listed, please visit www.SAM.gov. Location may not reflect actual physical location of project. Confirm project location in project synopsis once issued.
For Design Agent, IH = NAVFAC HI and AE = Architect/Engineer Consultant. For Design Level, Design Build reflects one of the following: Traditional Design Build, Lean Design Build, Progressive Design Build, or Accelerated Design Build. A/P reflects whether action has occurred (Actual = A) or has yet to occur (Planned = P).

DISCLAIMER: Information contained herein is not a guarantee of the Government's course of action concerning current or future requirements. The information presented reflects current Government intentions; but is subject to change. Published solicitations, if issued, are the only documents that should be relied upon in determining the Government's actual requirements

NAVFAC HAWAII FY26 Q4 WORKLOAD PROJECTIONS AS OF 10 AUGUST 2026

The list of projects, design, and construction tools are to increase your awareness of opportunities at NAVFAC Hawaii. If you are interested in any of the items listed, please visit www.SAM.gov. Location may not reflect actual physical location of project. Confirm project location in project synopsis once issued.
For Design Agent, IH = NAVFAC HI and AE = Architect/Engineer Consultant. For Design Level, Design Build reflects one of the following: Traditional Design Build, Lean Design Build, Progressive Design Build, or Accelerated Design Build. A/P reflects whether action has occurred (Actual = A) or has yet to occur (Planned = P).
DISCLAIMER: Information contained herein is not a guarantee of the Government's course of action concerning current or future requirements. The information presented reflects current Government intentions; but is subject to change. Published solicitations, if issued, are the only documents that should be relied upon in determining the Government's actual requirements.

NAVFAC HAWAII FY26 Q4 WORKLOAD PROJECTIONS AS OF 10 AUGUST 2026

The list of projects, design, and construction tools are to increase your awareness of opportunities at NAVFAC Hawaii. If you are interested in any of the items listed, please visit www.SAM.gov. Location may not reflect actual physical location of project. Confirm project location in project synopsis once issued.
For Design Agent, IH = NAVFAC HI and AE = Architect/Engineer Consultant. For Design Level, Design Build reflects one of the following: Traditional Design Build, Lean Design Build, Progressive Design Build, or Accelerated Design Build. A/P reflects whether action has occurred (Actual = A) or has yet to occur (Planned = P).

DISCLAIMER: Information contained herein is not a guarantee of the Government's course of action concerning current or future requirements. The information presented reflects current Government intentions; but is subject to change. Published solicitations, if issued, are the only documents that should be relied upon in determining the Government's actual requirements.

NAVFAC HAWAII FY26 Q4 WORKLOAD PROJECTIONS AS OF 10 AUGUST 2026

The list of projects, design, and construction tools are to increase your awareness of opportunities at NAVFAC Hawaii. If you are interested in any of the items listed, please visit www.SAM.gov. Location may not reflect actual physical location of project. Confirm project location in project synopsis once issued. For Design Agent, IH = NAVFAC HI and AE = Architect/Engineer Consultant. For Design Level, Design Build reflects one of the following: Traditional Design Build, Lean Design Build, Progressive Design Build, or Accelerated Design Build. A/P reflects whether action has occurred (Actual = A) or has yet to occur (Planned = P).
DISCLAIMER: Information contained herein is not a guarantee of the Government's course of action concerning current or future requirements. The information presented reflects current Government intentions; but is subject to change. Published solicitations, if issued, are the only documents that should be relied upon in determining the Government's actual requirements
