Navy Awards Government of Japan-Funded Contract for Marine Corps Relocation to Guam

JOINT BASE PEARL HARBOR-HICKAM – Naval Facilities Engineering Command (NAVFAC) Pacific awarded today a \$56.7 million firm-fixed price contract to Caddell-Nan a joint venture of Montgomery, Ala., for the construction of a new outpatient facility at Apra Harbor on Naval Base Guam.

The contract supports the Defense Policy Review Initiative and is funded by the Government of Japan as part of the International Agreement between the United States and Japan.

The scope of work for the project includes a single level outpatient facility constructed of reinforced concrete with slab-on-grade foundations, and with all components such as exterior walls, windows, roofing, mechanical and electrical systems compatible with the Guam environment and design standards. Facilities include administration, primary care/family practice medical home, optometry clinic, physical therapy, industrial hygiene/preventative medicine, dental clinic, logistics and common areas. Parking for privately owned vehicles and emergency vehicles are included. The contract also contains a planned modification for furniture, fixtures and equipment.

Work will be performed at Apra Harbor and is expected to be completed in August 2020. This contract was competitively procured via the Federal Business Opportunities website with four proposals received.
