Public Service Announcement

PEARL HARBOR - Naval Facilities Engineering Command (NAVFAC) Pacific announced today the availability of Public Education and Interpretation information relating to Guam Historic Properties Inventory Sites.

Four Public Education and Interpretation Series booklets are now available for review and download on the Guam Cultural Resources Information (CRI) page of the NAVFAC Pacific Web site at <http://goo.gl/5l25S>.

Booklets include historical highlights of areas such as North Field Runway, Seabee Camp, Historic Farmstead and Prehistoric Artifact Scatter, and are featured in both the English and Chamorro languages.

Those without internet access can obtain a hard copy from the Guam Historic Resources Division, located at 490 Chalan Palasyo, Agana Heights, 96910 (in the Department of Parks and Recreation Office).

The Public Education and Interpretation Series booklets are a result of commitments established in the March 2011 Programmatic Agreement (PA) for the Military Relocation to the Islands of Guam and Tinian.
