FOR IMMEDIATE RELEASE: Sept. 9, 2015 [PSA-15.03]

Contact: [Tom Clements or Christine Rosalin]
Voice: (808) 472-1008
E-mail: thomas.h.clements@navy.mil; christine.rosalin@navy.mil

New Information is Now Available on the Cultural Resources Information Website

PEARL HARBOR – Naval Facilities Engineering Command (NAVFAC) Pacific announced today updated information associated with **Military Construction (MILCON) Project P-102: Harmon Power Upgrade (PA Memo #1)** is now available on the Cultural Resources Information website.

This project proposes a revised route construction and associated efforts for the Harmon Power Upgrade between the existing Harmon Substation located near the intersection of Routes 1 and 3 to the main station at Andersen Air Force Base (AAFB), primarily within existing easements and right of ways along Routes 3, 3A and 9. Although located within what is today known as the villages or municipalities of Dededo and Yigo, the pre-World War II names for the areas within or closest to the area of potential effects (APE) include Ukudu, Taguac, Haputo, Finaguayac, Astobias and Chaguian.

The information can be found on the NAVFAC Pacific Cultural Information (CRI) website at <http://go.usa.gov/kZWG>. (Please note the URL is case sensitive).

Those without internet access can obtain a hard copy of the PA Memos from the Guam Historic Resources Division, located at 490 Chalan Palasyo, Agana Heights, 96910 (in the Department of Parks and Recreation Office).
