Public Service Announcement

**NAVFAC Pacific: Reminder, Public Comments Deadline is August 15
for PA Memo Relating to Proposed Military Construction**

PEARL HARBOR-HICKAM - Naval Facilities Engineering Command (NAVFAC) Pacific reminds the community today of the Friday, Aug. 15 deadline (Chamorro Standard Time) to submit public comments for Programmatic Agreement (PA) Memo #2, which includes the determination of effect and the Department of Defense (DoD) plan for resolution associated with **Military Construction (MILCON) Project P-230: Ground Support Equipment (GSE) Maintenance Shop, GSE Holding Shed, Aviation (AV) Armament Shop and AV Life Support Systems Shop.**

The project involves construction of a one-story high-bay composite facility within the bounds of North Ramp at Andersen Air Force Base (AAFB), Guam. Although not specific to North Ramp itself, the traditional place name of the general area around it is Upi. There will be four separate components of the facility: GSE maintenance shop, GSE holding shed, AV armament shop and AV life support systems shop.

PA Memo #2 may be found on the NAVFAC Pacific Cultural Information (CRI) website at <http://go.usa.gov/kZWG>. (Please note the URL is case sensitive).

Comments may be submitted via email to criwebcomment@navy.mil.

Those without internet access may obtain a hard copy of the PA Memos from the Guam Historic Resources Division, located at 490 Chalan Palasyo, Agana Heights, 96910 (in the Department of Parks and Recreation Office).
