

# RESTORATION ADVISORY BOARD NAVAL AIR STATION WHIDBEY ISLAND

## What is a Restoration Advisory Board (RAB)?

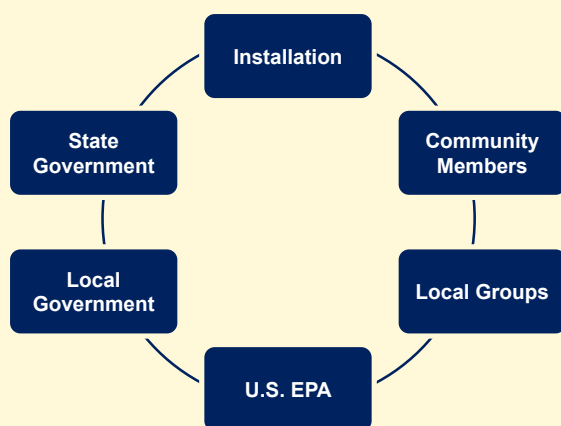

- A RAB is a group of community members who reflect diverse interests and meet on a regular basis to discuss and learn about the Environmental Restoration Program (ERP) at Naval Air Station (NAS) Whidbey Island, where the Department of Defense/Navy has the responsibility to implement environmental cleanup.
- RAB meeting topics include ERP updates on the status of per-and polyfluoroalkyl substances (PFAS) investigations, Area 6 Landfill, State Petroleum Cleanup Program, and Military Munitions Response Program.

## RAB Role

- **Facilitating two-way communication** between the community, DoD, Navy, and regulatory agencies about the ERP.
- **Reviewing and providing feedback** on environmental investigations, cleanup plans, and restoration activities.
- **Ensuring transparency** by keeping the public informed about ongoing environmental efforts and potential impacts.
- **Helping shape cleanup priorities** by voicing community concerns and perspectives with the Navy and regulators.
- **Encouraging public participation** about the environmental restoration process.

## Who Participates in RAB?

A RAB provides an interactive and focused forum for interested community members and groups to exchange information with regulatory agency representatives and the NAS Whidbey Island ERP team.

## We Want Your Participation

You are welcome to attend RAB meetings as a community member. RAB meetings are open to the public.
